

Year 1 News

18th July 2025

What we've been learning recently

English – As we ended of our Year 1 English learning, we have been recapping our sentence writing. We wrote descriptive sentences to practice and perfect our sentences and punctuation, before we head off to Year 2!

Maths – Our last topic of the year has been time. We started by looking at the days of the week and then months of the year. We learnt a special trick with our knuckles to recognise which months have 31 days. Then we moved onto reading the time at o'clock and half past. This was a little tricky when we got the hands muddled up.

Wider Curriculum – We have been finishing off the year with some computing, looking at digital literacy and programming. We made a story through photos and then edited them using different techniques; cropping, filtering, resizing and changing the colours. In our programming lessons we used BeeBots to give directions and guide him around a map.

Over the next few days we will be...

- Sharing and playing games on our board game day.
- Saying farewell to Year 1 and a big hello to the summer holidays!
- We wish you all a wonderful, sunny summer and can't wait to see how much you've grown when you come back in Year 2!
- Thank you all for a fantastic year!

Contact details of the Year 1 team

1B - Kate Clarke
