

Year 3 News

21st March 2025

What we've been learning recently

English – We have finished our Aesop's Fables journey with the children producing their own independent write. We have loved reading all the creative ideas and watching the children present their work proudly to their peers. We also had World Book Day where we wrote instructions for our 'magic potion' inspired by George's Marvellous Medicine'. We then created the potions before reading as a class with some yummy hot chocs. Congratulations to 3B who won the classroom door competition too!

Maths – We have completed the first part of our fraction learning journey. The children have enjoyed counting fractions on a number line and understanding equivalent fractions, using bar models.

Wider Curriculum – We have enjoyed learning about the key features of castles and bringing that to life in some impressive constructions. In Science, we have learnt how and why our shadows change throughout the day. In PSHE, we have been learning what foods make up a balanced diet and learning about the impacts of drugs on our body. In art, we were treated to a whole morning of artistic activities which involved live modelling and torn paper art. We also had BRILLIANT fun this week with our Roman WOW day. We learnt about numerals, made pizzas, designed a roman or celt and re-enacted a battle on the field!

Over the next fortnight we will be...

- In English, we will be understanding features of playscripts and use of dialogue.
- In Maths, we will look at mass and capacity.
- We will continue with our light unit in Science.
- In RE, we are continuing to learn about Holy Week and the importance of Easter to Christians.
- Continuing with Orienteering and Dance in PE.
- Practicing our Bee Musical and performing to the school and friends and family.
