

Year 6 Curriculum Map Term 3 2024-2025

English

Journalistic writing:

In this unit, we will use the book 'Cogheart' to inspire the pupils' journalistic writing. They will explore key themes and events from the story, learning how to gather information and present it in a news article format. Pupils will practice writing engaging headlines, using quotes, and including relevant details to create exciting reports that capture the essence of the book's adventure.

Narrative – Mystery/Science fiction: In this unit children will use a famous landmark to create a narrative mystery.

Computing

Creating media- history of computers –

Programming intro python – Pupils will design using nested loops, modify house drawings in Python, and understand computers random number selection.

Music

Music and Me: Throughout this series, your students will explore the concept of 'identity' – the various elements that shape us. In this unit, they'll start with gender, with reference to social and cultural differences. They will be invited to try out different ways of making their own music, while exploring the work of some of the most influential women in music over the last 100 years.

Reflect, Rewind and Replay: Consolidates year's learning by revisiting songs and activities, exploring the history of

Science

Animals including Humans: In this section, we will identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood. We will recognise the impact of diet, exercise, drugs and lifestyle on the way their body's function and finally we will describe the ways in which nutrients and water are transported within animals, including humans.

Geography

Can I carry out an independent fieldwork enquiry? Children will be able to give examples of issues within their local area, identifying questions to be asked to find the relevant data. They will justify which data collection method is most suitable and design an accurate data collection template. We will also identify areas along a route that are best for data collection, discussing how to mediate potential risks. Finally, they will collect data at points located on an OS map.

PSHE

Relationships: Children identify when people may be experiencing feelings associated with loss and also recognise when people are trying to gain power or control. They explore when they might need to stand up for themselves and friends in real or online situations.

Changing me: Children describe how a baby develops from conception through the nine months of pregnancy, and how it is born. They reflect on becoming a teenager and how they feel about the development and birth of a baby.

PE

Athletics / Striking and Fielding (Cricket) - Children will learn batting techniques, bowling tactics, fielding skills, teamwork, sportsmanship and the rules of cricket through engaging activities **Tennis / Striking and Fielding (Rounders)** - Children will develop hand-eye co-ordination, striking skills, fielding strategies, communication and an understanding of rounders rules during competitive play.

French

Vikings (P) - Pupils will be taught the skills to describe themselves. They will do this as a character from the Viking period, exploring the vocabulary, involved in character and physical descriptions.

Me in the world (P) - In this unit pupils will learn about other countries around the globe that speak the foreign language they are studying. They will also learn about the currencies, flags, cultural traditions and celebrations of those countries.

History

Ancient Greece: Children learn about the First Olympic Games (776 BC) up until 46 BC when Greece falls under the rule of the Roman Empire. They learn about Greek Gods and Goddesses; Battle of Marathon and Trojan War.

Maths

- Shape
- Position and Direction
- SATS assessments
- Themed projects and consolidation tasks

RE

For Christians, what kind of king is Jesus? In this unit, we will learn about Jesus as a king in Christianity. We will discover how Jesus shows love, kindness, and help others. Through stories and activities, they will think about what Jesus' kingship means for Christians today and how it can inspire them in their own lives.

Why do some people believe in God and some people do not? In this unit we will look at different beliefs and ideas about faith, including reasons for believing and questioning faith. Through discussions and activities, pupils will think about their own beliefs and learn to respect the views of others.

Art

Sculptures: At the start of this project, we will be looking at work inspired by Barbara Hepworth to help us create exciting sculptures of Greek Gods and mythical creatures using cardboard and paper mâché.

Art: 3-D - To finish the year, we will use the work of Alice Fox to create fashion wear on a card figure. We will work on a life-size collaborative, class piece as well as small, individual pieces.

DT

Cooking and Nutrition: In these lessons, the children will revisit the work they did in Year 5 in their come dine with sessions. They will discover recipes, list ingredients, follow cooking processes, and explain the origins of certain foods before they reach the supermarket.
