

Year 1 News

3rd July 2026

What we've been learning recently

Geography – We have been learning more about our local area using Google Earth and aerial photographs, creating our own sketch maps including a key. We have been spotting both human and physical features around the school and discussing what we see on our journey home.

Maths – We are learning all about money. Exploring coins and notes and using them in our classroom 'shop' and counting different groups of coins to find a total value.

Beach Guardian – Our recent trip to the beach was a success and everyone had a great day. A big thank you to Beach Guardian who taught us all about plastics and the importance in caring for our local beaches. We all joined in with a beach clean before we headed home.

Over the next fortnight we will be...

- In R.E., we are looking more at Islam and Christianity
- In Maths, we will be learning about time.
- In Geography, we will explore continents and look closely at the human and physical features of Shanghai.

Important Notices

Reading Packets – Children should come into school with their reading packet folder and book every Wednesday for us to change their books.

Fun Run/Walk – We will be taking part in a sponsored fun run/walk on Friday 10th July to raise money for Beach Guardian. More details to follow.
