

Year 2 News

5th December 2025

What we've been learning recently

English – We have begun our new unit 'Mog's Christmas Calamity' - based upon a film clip. We have sequenced the story and made notes to help us remember what happens. Then we used a range of conjunctions to extend our sentences to make them longer. We thought about what the characters were doing in the clip and how they might be doing their action. This helped us add adverbs into our extended sentences.

Maths – We have been learning how to add and subtract using the column method and learning how to set out the calculation in our maths books. We moved onto the column method by carrying and putting 10 in the den when there were more than 9 ones in the ones column.

Wider Curriculum – In science, we have been exploring everyday materials. We have named materials and found objects made from that material (sometimes more than one material). Then we talked about the suitability of that material for the object. We explored and experimented with the stretchiness of materials and those who can be squashed twisted and bent.

Over the next fortnight we will be...

- Rehearsing for our Nativity.
- Exploring 2D and 3D shapes in maths.
- Recapping some geography learning.
- Embracing Christmas!

Important Notices

Nativity – Our KS1 Nativity, A Bundle of Joy, is on Wednesday 17th December. Please see the email about getting tickets.

Cinema – Our KS1 trip to the cinema is on Tuesday 18th December (morning).

Christmas activities! – Christmas jumper day, Christmas Fun Run for CHSW and Christmas lunch is on Wednesday 10th December.
