

# Year 6 News

## 21<sup>st</sup> November 2025

### What we've been learning recently

**English** – In English, we have been perfecting our non-chronological reports on the yellow-spotted lizard. The children have used ambitious, precise vocabulary and have taken great care to produce beautifully presented final pieces.

**Maths** – In maths this week, the children have been mastering how to divide fractions by integers and revisiting strategies for finding fractions of an amount. They've shown great confidence applying these skills in different contexts. Next week, we'll be moving on to a new topic: measure - exploring units, conversions and practical problem-solving.

**Wider Curriculum** – In our wider curriculum learning this week, we have been exploring population - investigating why some countries are more populated than others and learning all about migration and refugees. The children engaged brilliantly, asking thoughtful and sensitive questions throughout our lessons.

### Over the next fortnight we will be...

- In maths, we will be moving on to our measurement unit, with a particular focus on converting units.
- In English, we will be stepping into the role of journalists as we create newspaper reports based on our class text, *Holes*.
- Through our wider curriculum lessons, we will continue exploring our topics on electricity and population.

### Important Notices

**PE Kit** – Please remember to send your child in full PE kit on a Wednesday.

**Grandparents' Day** – A huge thank you to all the grandparents who joined us for Grandparents' Day. It was lovely to see you sharing stories from times past with your grandchildren.

**Year Group Assembly** – It was wonderful to see so many of you at our assembly yesterday. I think you'll agree that the children did a fantastic job of sharing all we have learned about WW2 in a creative and enthusiastic way.

### Contact details of the Year 6 team

**6B – Emma Johnston**
