

# Year 6 News

## 12<sup>th</sup> February 2026

### What we've been learning recently

**English** – In English, the children have taken on the role of real authors by drafting, editing and publishing biographies of Charles Darwin. Giving them the freedom to choose how to present their final pieces resulted in a fantastic range of creative and high-quality outcomes. The pride they showed in their work and their commitment to improving their writing has been wonderful to see.

**Maths** – In Maths, we have completed our learning on decimals and are now revising percentages, fractions and decimals. The children have impressed us by rising to the challenge of additional SATs-style questions - please keep up the brilliant enthusiasm and effort.

**Wider Curriculum** – In the wider curriculum, we have now completed our unit on living things and their habitats. After half-term, we are excited to begin learning about evolution and inheritance, with the children already getting a taste of what's to come during our planetarium visit. Alongside this, we will continue to build our Darwin journals, combining learning from science, art and English.

### After half term we will be...

We hope you have a restful half-term and enjoy the chance to reset, ready for another busy and exciting half-term in Year 6 when we return.

### Important Notices

**PE** – Just a reminder that our PE day will remain on a Thursday after half-term. Please ensure that children come to school wearing their full PE kit and bring a suitable coat, as all PE sessions will take place outdoors.

**Parent Teacher Consultations (PTCs)** – A reminder that the booking system on Arbor to make your 10-minute appointment is open and closes on Monday 23<sup>rd</sup> February at 12noon.

### Contact details of the Year 6 team

**6B** – Emma Johnston
