

Year 6 News

20th March 2026

What we've been learning recently

English – In English, we have spent time editing, refining, and proudly publishing our final third-person narratives based on the short film *Alma*. The children have absolutely blown us away - their imagination, creativity, and storytelling have been nothing short of extraordinary. This is, without a doubt, the most impressive and imaginative writing we have seen from them!

Maths – In Maths, we have been focusing on shape and all things angles. The children have shown fantastic resilience throughout, approaching each challenge with determination and a positive attitude.

Wider Curriculum – Within the wider curriculum, we had the exciting opportunity to visit the secondary school, where a group of Year 9 experts had created a range of mini science investigations for us to explore. What a fantastic way to celebrate Science Week and its theme of curiosity! We certainly had plenty of questions to ask and thoroughly enjoyed investigating, discovering, and learning together. In PE, we have enjoyed a week of intensive swimming sessions every afternoon. The children took to it like fish to water, showing great enthusiasm, confidence, and progress throughout the week – go team!

Over the next fortnight we will be...

Over the next two weeks, we will be completing a range of fun and engaging revision activities. In Maths, we will be moving on to our statistics unit, while in English we will be exploring poetry. We will also be finishing our evolution and inheritance topic in science, and in art we will be experimenting with lino printing.

Important Notices

PE – Just a reminder that our PE day this half-term is **Thursday**. Please ensure that children come to school wearing their full PE kit and bring a suitable coat, as all PE sessions will take place outdoors.
