

Year 4 News

2nd October 2026

What we've been learning recently

English – We have just finished our Year 4 'Place Value of Punctuation' (PVPG) English unit. We are so impressed with the children's progress in identifying the subject, verb, verb phrases and correctly punctuating paragraphs. We are now beginning the non-chronological report learning journey, starting off with analysing our focus text 'Extinct Animals'.

Maths – We have just completed our place value learning journey. The children have enjoyed rounding to 10, 100 and 1000. Alongside this, they are working hard to improve their timetables knowledge.

Wider Curriculum – In music, we are learning how to sing Mamma Mia whilst using glockenspiels, and adding dance moves too! In RE, our focus has been looking at how Hindus show worship in their everyday life. PE slots this term are basketball and gymnastics. We are developing gymnastic routines with multiple movements as well as partner balances. Science this term focuses on living things and their habitats. We have loved learning where in the world different habitats can be found and what animals live in them. In art, we are making designs based on the artists William Morris and Rachel Parker. We will then be printing these designs and making our own book cover with a particular focus on fastenings to take home and use. Keep an eye out for these before the half term break.

Over the next fortnight we will be...

- Finishing our PVPG unit in English, and starting learning around non-chronological reports.
- Learning about artist William Morris and Rachel Parker.
- Addition and subtraction in Maths, working up to exchanging with 4 digits.
- Printing our art designs to make book covers with fastenings.

Important Notices

PE Kit – A reminder that our PE days are on Wednesday. Please ensure your child wears their full PE kit on these days.
